7. Healthcare, Pension, Disability & Life Insurance - Board of Pensions Pastor's Participation Plan (installed or contracted teaching elders)
8. Moving Expenses (taxable, if applicable)

* Annual balance is cumulative for up to four years [non-portable]

** Reflects an increase from the prior period

The following information was used to formulate this recommendation:

1. The full-time median salary* of PC USA pastors rose 0.7% for the subject reporting period to \$61,200. The Pastor Support Subcommittee uses 80% of the published median (rounded up to nearest \$1,000) to set the base compensation minimum for full-time pastors in the presbytery.

* The Board of Pensions of the Presbyterian Church (U.S.A.) annually tabulates the median and average effective salary information reported to it for minister members of the Benefits Plan who are serving U.S. congregations. The median salary is generally considered more representative than the average salary, since it is less influenced by the very high or very low salaries.

2. The Pastor Support Subcommittee applies an increase or decrease to the full-time median salary minimum using data provided by The Bureau of Labor Statistics (www.bls.gov) Consumer Price Index (CPI)-Midwest Urban Report. A 3-year rolling average is applied to the CPI reporting period (2017-2020) to offset unusual spikes in the reported percentage. The data reflects an increase of 2.2% for the subject period.
