

Presbytery of Whitewater Valley

Agreement for the use of the GoPro Hero4 Camera

The GoPro Hero4 Black camera is available to groups within our presbytery for the filming of mission, worship and educational activities related to our mission of proclaiming the Good News.

In borrowing and using the equipment, you agree to fulfill the following expectations:

We trust you as the user to carefully steward the equipment as an outreach of the mission of Whitewater Valley Presbytery.

We also trust that you will not use the equipment for anything other than recording mission or church related activities.

We expect that if the camera malfunctions or is damaged in any way you will inform us when that occurs.

We need you to ship the equipment back to the presbytery office or on to the next user in the container provided, covering the cost of shipping yourself.

The equipment includes:

- GoPro Hero4 Black camera
- 32GB microSD card (installed in the camera)
- microSD card reader
- waterproof cover
- viewing screen attached to the back of the camera
- camera stands
- three battery packs
- battery charger
- instruction manual
- storage container
