

# MISSIONS AND MINISTRIES VIDEO SERIES PROJECT

In working to grow connections and community, an emerging priority of Whitewater Valley Presbytery, each WVP congregation is being invited to share with the rest of Whitewater Valley the two or three missions or ministries about which they are the most passionate.

Each congregation's mission/ministry narrative will consist of a 3-5 minute video comprised of interviews, information about the mission/ministry, and footage and/or pictures of activities associated with each mission/ministry.

In preparation for these narratives, participating congregations will be asked to:

- Identify 1-3 missions or ministries that the congregation is most passionate about
- Identify which members of the congregation and/or staff members will serve as the representatives or storytellers for their congregation
- Compose a basic script or detailed outline of the narrative based on the narrative prompts detailed below
- Provide pictures or video footage of each mission/ministry being shared for use in the video production

Each participating congregation will have a choice to either edit and record their narrative video or to enlist the assistance of Craig Shaw, WVP Technology Coordinator, to record and edit.

It is hoped that this project will help WVP churches to connect, share, learn about those things that other congregations are passionate about, and, perhaps, build the basis for future partnerships.

## Prompts: (things to include in each narrative)

- What is your name?
- What is the name and city/town of your church?
- What is the name of the mission or ministry you are sharing?
- How long has your congregation been supporting this mission/ministry?
- How does this mission/ministry meet a need in your community/world?
- Tell about what your mission/ministry does.
- How do members of your congregation take part in this mission/ministry?
- Share any impacts you've seen or have been shared with you as a result of this ministry/mission.

Please contact Craig Shaw  
([cshaw@whitewatervalley.org](mailto:cshaw@whitewatervalley.org))  
for questions regarding the  
project, schedule your recording,  
or where to upload your  
congregation's completed video.

**SHARE HOW YOU  
ARE BEING CHRIST'S  
HANDS, FEET, AND  
HEART IN THE WORLD!**

## Video specifications:

- Shot in landscape (wide not tall)
- 1280x720 at 30 frames per second (fps) (720p) or 1920x1080 at 30 fps (1080p)
- .MP4 format
- 3-5 minutes
- Recorded in quiet, indoor space or with external microphones
